| Important Questions | Answers | Why This Matters: |
|--|--|--|
| <p>What is the overall deductible?</p> | <p>For in-network providers: \$700/individual or \$1,400/family For out-of-network providers: \$1,200/individual or \$2,400/family</p> | <p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p> |
| <p>Are there services covered before you meet your deductible?</p> | <p>Yes. In-network preventive care & immunizations.</p> | <p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.</p> |
| <p>Are there other deductibles for specific services?</p> | <p>No.</p> | <p>You don't have to meet deductibles for specific services.</p> |
| <p>What is the out-of-pocket limit for this plan?</p> | <p>For in-network providers: \$3,700/individual or \$7,400/family For out-of-network providers: \$7,200/individual or \$14,400/family Combined medical/behavioral and pharmacy out-of-pocket limit</p> | <p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</p> |
| <p>What is not included in the out-of-pocket limit?</p> | <p>Penalties for failure to obtain pre-authorization for services, premiums, balance-billing charges, and health care this plan doesn't cover.</p> | <p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p> |
